- Managers and volunteer trainers, organisations working with volunteers
- Volunteers and operators in the organisations

### TYPE OF TOOL

Game

### DURATION

Depends on how much fun you are having

### MAIN FIELD OF ACTION

Fair Trade

### RELATED SDGs

8 - Decent Work and Economic Growth

# FAIR TRADE PICTINARY

*Familiarise new volunteers with words that are related to fair trade, whether they are more or less technical in a pleasant and fun way.*

## DESCRIPTION

The pictinary consists of one person drawing a picture based on a secret word and the others trying to guess the word correctly. But in this Pictionary the secret words will be related to Fair Trade.

The goal is for people who play to become familiar with the words of fair trade and their meaning. So that they understand more the values of decent work, economic growth and the fight against inequalities.

It can be implemented very easily with a quick list of 50-70 words about fair trade, a pencil and a piece of paper.
